I met with

on

issues relating to FBIS coverage of the Muslim world. It was agreed that regular meetings on the subject at the Deputy Group Chief level would be useful; they would enable each group to keep abreast of what the others are doing and ensure proper coordination on issues that cut across group lines. At future meetings, the panel will explore such questions as coverage priorities on nationalities and the proper vehicles for publishing and disseminating materials (Daily Report, Press Notes, AG Analysis reports, etc.). The participants also agreed on the need to coordinate with appropriate FBIS components before issuance of publications.
